Apocalypse 6 FR

Janice

**Introducing a different
breed of rockstar.**

Meet Janice and Hendrix! While not the normal two-legged variety you see with our guitars, we here at Schecter are big supporters of our four-legged friends too. These two amazing senior pups are a bonded pair, and we are on a quest to find the perfect fur-ever home.

For almost a decade we at Schecter have worked with local rescue

Take Me Home to assist in raising money for adoption, awareness, and many other services for dogs in need.

If you are interested in having these rockstars in your life or would like to make a donation to help support their search for a happy home, please email TMHRescue@gmail.com and apply to change their lives.

Not an animal person? You may now resume staring at guitars.
